

The
BentProp™
Project

Findings of P-MAN XV Mission to Palau
15 March to 15 April 2013

Mission Leader: Flip Colmer
Mission Report: Patrick Scannon, MD, PhD, Team Leader

22 February 2014

Technology Impact on the BentProp Project's Searches: Our partnerships with Scripps Institution of Oceanography and University of Delaware utilize state-of-the-art Autonomous Underwater Vehicles (AUVs) and our mentoring program with Stockbridge High School, Michigan, brings Remote Operating Vehicle innovation. The impact has been transformational.
